31th WORLD CHAMPIONSHIP - AUSTRIA

The weapons depot and weapons inspection will be located on the grounds of the State Fire Department Command, as in 2018.

The parking lot and campsites are also available on the grounds of the State Fire Department Command, but unfortunately, this time they will no longer be free of charge.

We are making every effort and will try to set up a "shuttle" from the weapons depot to the shooting ranges.

This is intended to provide a brief overview of the shooting range specifications for training and competitions.

These can be practiced in advance. I would also like to inform you that we will not be making any changes to the shooting range specifications.

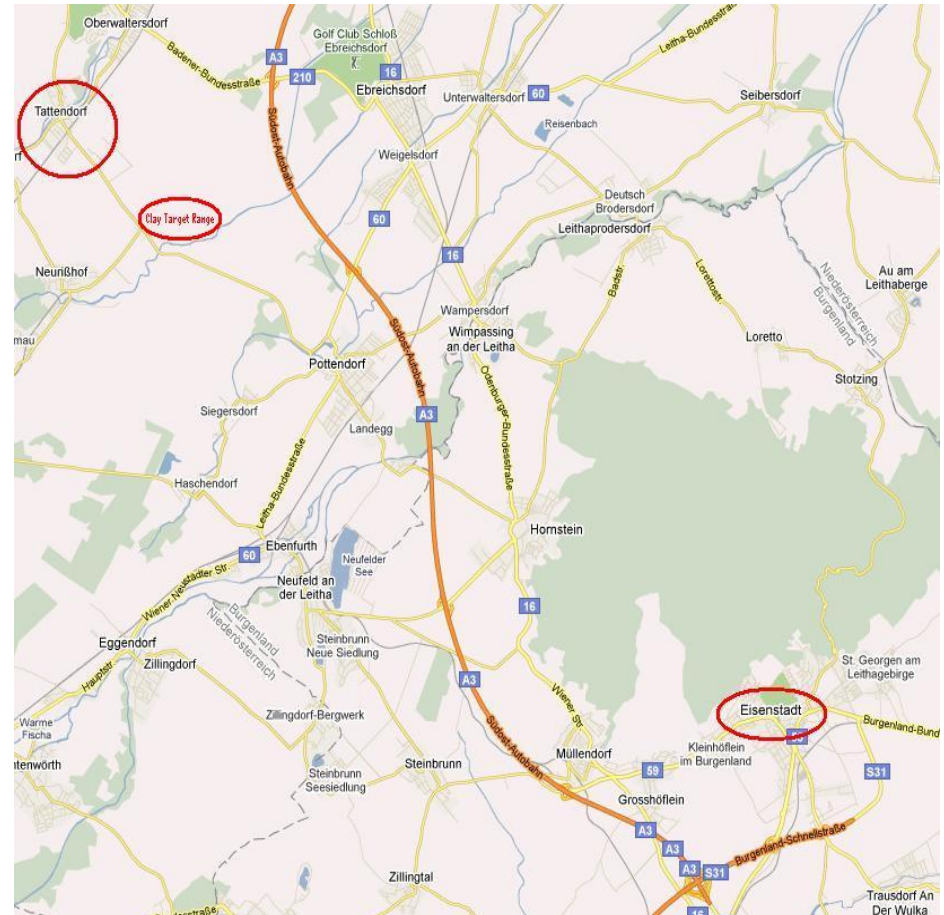

This was already communicated in 2024 in Italy, when the 2026 event was approved, by the Federal Sports Director, Robert Szuppin.
